

POSITION STATEMENT

Animal Transfers & Underserved Communities

Position

The GTHS recognizes that many communities in Ontario and beyond experience serious challenges accessing care for their pets. Challenges can include socio-economic barriers, geographic distance, and veterinary shortages.

We believe that by increasing access to care for underserved communities, the bar is raised for all animals.

As resources allow, the GTHS will work collaboratively with volunteers, donors, and community members to increase access in underserved communities. Our work could include animal transfers, wellness clinics, spay/neuter services, or access to other requested resources. Priority will be placed on situations that are emergent in nature.

Approved by the GTHS Board of Directors March 2023.
