

Build Your Legacy, Support Our Future

The GTHS is embarking on a \$16.5 million fundraising campaign to build a new home that will offer hope to our community for the next 25 years and beyond. Our dream for the Regional Centre for Pets and People is a 19,000 sq ft building on 5 acres of land we currently own on Sanford Fleming Drive in Collingwood. This endeavour is critical to our ability to meet the growing needs of our community while offering an opportunity to our generous supporters to build their legacy and inspire a future of compassionate care for pets and people

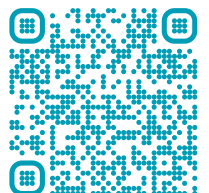

Annually this new facility will:

Opportunities and Recognition

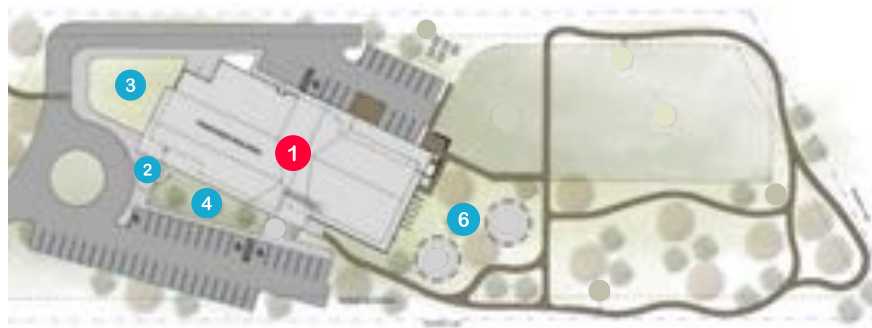

- Ensure compassionate care for pets and people by providing a space for hope, home and healing
- Inspire the generosity of others who will follow your leadership for years to come
- Leave a legacy for future generations that honours your values and builds a better tomorrow
- Align your brand with a reputable and compelling charity that is beloved in our community
- Naming opportunities may include recognition through plaques in designated spaces, on our digital donor display, at signature events and more. Speak with our team for details.
